THE POWER OF COLLECTIVE IMPACT

CHANGE DOESN’T HAPPEN ALONE.

Uniting people, organizations and resources to improve lives in Hall County - a mission that has stood the test of time, and now more than ever, holds deep meaning and importance as we, as a community, explore what it means to truly LIVE UNITED.

With four members of my family serving as United Way board chairs before me, I have watched as generation after generation has paved the way for a better tomorrow. Transforming what is possible is big work. However, United Way is uniquely positioned to have the “big picture” view of our community and continues to build on the efforts of those who have come before.

United Way’s power lies in its ability to tackle problems that no one person can do alone. I believe that United Way’s Community Game Plan is this generation’s guidebook for aligning our efforts around creating pathways out of poverty and laying the groundwork for how to do that for generations to come. With the completion of our board led strategic planning process later this fall we will have a tangible and measurable roadmap for putting the Game Plan into action and will be poised to pave the way to a stronger community.

This year has been unprecedented. From introducing new leadership as we welcomed Jessica Dudley as President and Chief Professional Officer, to being thrust into a global pandemic that has placed us all in one of the most unique times in the history of the world, to listening to our community as we explore ways to support social justice, we are committed to finding ways to move forward together.

Through the collaborative efforts of the One Hall United Against Poverty committees, we completed an affordable housing analysis in partnership with the Urban Land Institute, launched Reach Out, an advocacy campaign to destigmatize mental health in our community, and secured funding through the North Georgia Community Foundation and The Medical Center Foundation to benefit the collaborative work of the One Hall Law Enforcement Mental Health Clinician program to place a Licensed Professional Counselor (LPC) on staff to work hand-in-hand with the Gainesville Police Department.

In addition, United Way jumped into leading COVID-19 relief efforts launching a fundraising effort to support individuals across Hall County impacted by COVID-19 and partnering with the community to collect and distribute masks and cleaning supplies for those in need. To date, the COVID-19 Relief Fund has raised more than $70,000 to provide direct financial assistance through the Compass Center to ensure people can access basic needs during this time of crisis.

It has been a tremendous honor to serve the community in this transformative year. I recognize without each of you, we would not be where we are today. On behalf of our board of directors, staff, volunteers and the entire community thank you for sharing in our vision. I am grateful for your generosity, commitment, and unwavering dedication to United Way of Hall County. I cannot wait to see what else we can accomplish, together, as we continue to Live United as one community working toward one goal of creating pathways out of poverty and becoming a community where all reach their potential.

KATIE DUBNIK
President & Founder, Forum Communications
Chair, 2019-2020 United Way Board of Directors
United Way unites people, organizations and resources to improve lives in Hall County. Guided by our Community Game Plan, our collective efforts fight for the health, education and financial stability of every person to ultimately create pathways out of poverty. Together, we don’t just change lives, we change what’s possible.

We believe that we can do more together than we can alone. That is why we invest in programs that help nonprofits meet their goals that align with the Community Game Plan to create pathways out of poverty. Through your generosity during the 2019-2020 Campaign we will fund 32 programs representing 22 nonprofit organizations throughout our community over the coming year.

Although the Community Investment Committee allocated funding to these programs for the 2020-2021 year, we understand we are all navigating challenging and uncertain times. To allow our funded programs the flexibility they need to weather the COVID-19 crisis, they were notified that any or all of their 2020-2021 funding may be redirected to support operating expenses should the need arise.

**GIVE:** John & Merridy Gram

for being a shining example and inspiration of how to live a life truly devoted to philanthropy that spreads a giving spirit across the community. In their lifetime, John and Merridy gave nearly $200,000 to benefit United Way as leadership donors for 30 years. For 14 of those 30 years, they were members of the Toqueville Society giving at our highest donor recognition level. Their generosity extended beyond United Way throughout the entire community and has been felt by us all. John gave generously of his time serving three years on the United Way Board of Directors, two terms on the Campaign Cabinet and three years on the Budget & Administration Committee in addition to dedicating his life to serving on countless other local non-profit boards. Through their life of generosity, John and Merridy truly made a difference in lives across Hall County.

**ADVOCATE:** Gainesville City Schools

for their faithful efforts to create partnerships that build a stronger community for everyone. This year the Gainesville City School System (GCSS) partnered with United Way to provide case management staff for the Compass Center. These staff worked one-on-one with families to help them navigate local resources and find the assistance they needed. GCSS also helped secure a grant from the Georgia Department of Education that it will use to provide books for the Read Learn Succeed program. As a faithful supporter for 30 years, Gainesville City School System has raised nearly half a million dollars through employee and student campaigns.

**VOLUNTEER:** Lauren Samples

for stepping up whenever needed and going above and beyond in volunteer service. Lauren first became involved with United Way in 2012 when she joined the Community Investment Committee and then joined the board in 2013. She continued to faithfully serve on the Community Investment Committee through the duration of her board service, even while serving as Chair of the Board. Lauren boldly led through organizational change with practical wisdom, prudent discernment and remarkable acumen resulting in the collective impact model United Way uses today. Lauren has filled the gap for United Way by stepping in as board chair prior to her term and offering accounting support through her firm during times of staff transitions in our finance director position, and she continues to step up whenever, wherever and as much as needed.

**CHAIRMAN’S AWARD:** Fieldale Farms

for their long standing partnership and continued leadership at United Way and across the entire north Georgia community. Fieldale's commitment to creating a corporate culture of giving is evident by the fact the organization consistently places among our Top 10 campaigns, raising more than $1 million through their workplace campaign over the last decade. Fieldale has also been a faithful corporate sponsor, giving $40,000 over the last seven years and hosting regular dock sales where the proceeds from chicken products sold are donated to United Way. With company executives regularly filling board and advisory positions, the organization’s giving culture extends to the boardroom and throughout the entire community.
The United Way of Hall County Leadership Giving Circle is a group of business and community leaders who exemplify commitment and caring through their philanthropic nature, and are change agents in Hall County.

The Leadership Giving Circle comprises six leadership giving levels and was founded as a way to honor and thank our donors who give $1,000 or more annually to invest in the future. As a member of the Leadership Giving Circle, you secure a place within Hall County as a guardian for the future. The power and value of your investment goes far beyond the dollars.
